

### **C.O.P. Member Fields an anonymous tip.**

Bonnie and Gil Ginn are known throughout Arlington as citizens you can count on. This has become even more apparent in their own neighborhood.

On December 3<sup>rd</sup>, Gil went out to his mailbox. Inside of his mailbox, he found a hand-written note. The note was a tip from an anonymous citizen regarding local narcotic activity. Gil contacted the Arlington Police Department and ensured that the tip landed in the hands of an officer.

To some, this story may not seem significant. Consider this: An anonymous citizen knew that this tip would be taken care of properly by leaving it in the hands of another citizen? Gil however, is not just another citizen; he is someone residents know they can count on. His better-half is just as reliable too....and truly is his better-half.
