

Valley Spring COP Members actions result in an arrest.

On May 6th, 2007 at approximately 0600 hours, COP Member Steve Messina was patrolling his beat when he noticed a vehicle driving erratically. Messina of the Valley Spring COP Group called 911 and advised the dispatcher of the vehicle description and its direction of travel. Arlington police officers responded to the location and began following the vehicle, conducting a traffic stop. After investigation, the driver was taken into custody for suspicion of DWI and was transported to the Arlington City Jail.

If Steve had not been out patrolling his beat and observed this driver, an unfortunate or fatal accident could have occurred. Thanks to Steve, Officers were able to remove this driver from the roadway beforehand.
